Topic: *Explosives Incidents and Investigations*

Day #1: The first day will be classroom only, with some “hands-on exercises”. The topics of instruction will include: Introduction to explosives; Current trends in IED’s; Post-blast and over pressure injuries; Current trends in homemade explosives; IED reconstruction (Hands-on)

Day #2: The second day will begin in the classroom and then move to an off-site facility for demonstrations and “hands on activities”. Instruction topics and demonstrations will include: Explosives demonstrations; Over pressure devices demonstrations; MESP EOD tools and devices (including the robot and disrupter).

Lead Instructor: S/A John Morris BATF&E Portland, Maine Office

John has been an ATF agent for 20 years. He started his career in the Los Angeles Field Division. He has also worked in the Phoenix Field Division, in ATF Headquarters as a program manager in ATF’s Explosives Division and he currently is assigned to the Boston Field Division in the Portland Maine Field Office as a certified fire investigator and certified explosives specialist.

Agent Morris investigates Arson and Explosives incidents full time as a certified explosive specialist, certified fire investigator and member of the National Response Team. He has been involved in the Oklahoma City Bombing investigation, The Olympic/Centennial Park Bombings, the UNABOM investigation and the investigation of TWA Flight 800. In the course of these duties he has served throughout the United States, Europe, Thailand, Africa and the Middle East.
